

Staying Safe in 2013 with Robinson Services. Our Commitment to you.

We have created a "2013 Staying Safe" plan which each month will explore a different aspect of Health & Safety. Through our 2013 "Staying Safe" Plan we are seeking to reinforce our Health & Safety procedures and best practice methodology, thereby enhancing the skills profile and performance of our employees.

We aim to achieve a safer environment for both employees and members of the public by improving the awareness of workplace hazards and how to deal with them, resulting in a reduction in accidents and near misses.

We would ask you our client, to help us reinforce our Health & Safety message on your sites(s) and encourage compliance with our 2013 "Staying Safe" plan...

Feb/Mar	Slips & Spills, and Trips
April	Dealing with Accidents
May	Colour Coding of Cleaning Equipment
June	Dealing with Sharps & Bodily Fluids Safely
July	Care of Equipment (machines, materials, equipment, batteries)
August	COSHH
September	Paperwork / Evidence / Records
October	Clean Store / Control Room / Work Area
November	Health & Safety Audits
