New Dublin Office Opening

We are proud to be one of Northern Ireland's Fastest growing Support Service's Provider, with over 2,000 employees having been founded by Jim Robinson in 1968. We are delighted to announce that we have opened an office in Dublin, that will employ initially 100 people.

The move is on the back of fast-growing sales in Northern Ireland across the four divisions of Cleaning, Security, Hygiene and Laundry. The new recruits are part of a plan to hire 400 people in Dublin and the surrounding areas by 2020.

David Robinson commented: "We are delighted to expand into this new market and plan to add up to 100 people to our team in Dublin over the next 12 months to support our continued growth, and 200 by 2020. The roles will predominantly be in the Cleaning, Hygiene and Security divisions and already the company has secured over 30 client contracts including Birds Eye and Tayto Park.

The combination of a talented senior management team, a motivated and highly trained workforce, made entry into the Dublin market a natural progression as we scale. We are looking forward to bringing further prestigious local clients on board by demonstrating that proven experience and expertise such as ours can be trusted to deliver in the support services sector.

We look forward to working with our new clients and I would like to thank them for entrusting Robinson Services with their Cleaning, Security, Hygiene and Consumable needs and assure them they will receive an extremely high standard of professional care."

Protecting Our Planet

Saving and protecting our planet is in our hands and we take our responsibility to our planet very seriously and as such, for our Feminine Hygiene Units and Clinical Waste Bins, we are one of a very small number of companies who send zero to landfill.

With ISO 14001:2015 Environmental Accreditation, we hold a fundamental belief in the importance of protecting the environment, taking our responsibility towards good environmental stewardship seriously.

As part of our on-going commitment to the Environment, we have invested in, and changed the way we dispose of our clinical and hygiene waste from previously 100% going to landfill to now 100% going to 'Alternative Treatment Waste to Energy' therefore achieving Zero Waste going to Landfill.

The benefits include:

- Stronger environmental performance
- Less fuel usage.
- The by-product is water.
- No carbon-based fuels are used.
- Plant equipment is more efficient operationally.

Top 100 Northern Ireland Companies 2019

We are delight to have made the Belfast Telegraph's Top 100 Northern Ireland Companies 2019, for another year.

This accolade is particularly special to us, as we have immense pride in our Northern Irish roots. We are proud to have such a strong and diverse team throughout Northern Ireland, who we could not have achieved this accolade without.

Thank you Team Robinson's!

Management Team = Team Building

The Management had an afternoon Team Building session at the Belfast Activity Centre, where they completed:

- Abseiling
- Caving
- High ropes

The team all had a nice afternoon building relationships and trying to help each other through the stages.

Team work makes the dream work!

Accident Reporting

It is a condition of your employment that you agree to report any incident you have or witness on Company premises, or whilst on Company business, to your line manager as soon as possible. The success of any claim for benefit may depend on whether you reported the accident promptly. Please ensure you report any customer accidents witnessed by you in the course of your job in the appropriate manner.

Failure to report any incident you are involved in, or witness, may result in the Disciplinary procedure being invoked.

Our Management Philosophy

- To work as a team.
- To strive for excellence in all we do.
- To take pride in our work.
- To grow in experience and knowledge.
- To form long term business relationship with our clients.

Quote of the Month:

"I'm a greater believer in luck, and I find the harder I work, the more I have of it."
